

INFORMATION ABOUT RESEARCH AND SCIENCE TODAY JOURNAL

AIMS AND SCOPE OF THE CONTENT

RESEARCH AND SCIENCE TODAY is a biannual science journal established in 2011. The journal is an informational platform that publishes assessment articles and the results of various scientific research carried out by academics.

We provide the authors with the opportunity to create and/or perfect their science writing skills. Thus, each issue of the journal (two per year and at least two supplements) will contain professional articles from any academic field, authored by domestic and international academics.

The goal of this journal is to pass on relevant information to undergraduate, graduate, and post-graduate students as well as to fellow academics and researchers; the topics covered are unlimited, considering its multi-disciplinary profile.

Regarding the national and international visibility of Research and Science Today, it is indexed in over 30 international databases (IDB) and is present in over 200 online libraries and catalogues; therefore, anybody can easily consult the articles featured in each issue by accessing the databases or simply the website.

Frequency of publication: 2 number per year (March and November) and supplement numbers (if it necessary)

Peer-review process: All applications are reviewed by the members of the editorial council. The documents that fit the topic of the magazine are assessed by two independent scientific referents who accepted to review the documents and who send their review to the Editor in Chief. The identity of the assessors is not disclosed to the authors.

The reviewers give the Editor in Chief the review form, including comments on the scientific content of the work and the possibility to publish it. The Editor in Chief summarizes the assessors' observations and communicates them to the author.

Considering the opinions of all reviewers, the Editor in Chief decides whether to accept, review or reject the paper. According to the reviewers' recommendations, the manuscript can be accepted, sent back to the author for minor revisions or rejected.

Abstracting and indexing: SSRN, EBSCO, ProQuest, IndexCopernicus, Scipio, Genamics, Ulrich's Periodicals Directory, DOAJ, MPRA (Ideas, EconPapers, Socionet), HeinOnline, Google Academic, DRJI, CiteFactor, Erich Plus etc.
