

INFORMATION ABOUT RESEARCH AND SCIENCE TODAY JOURNAL

AIMS AND SCOPE OF THE CONTENT

Aim:

The primary aim of “Research and Science Today” is to provide a high-quality, international platform for researchers and scientists across various disciplines to share their latest findings, insights, and analyses. The journal is dedicated to fostering a multidisciplinary approach, understanding that today’s most pressing challenges and exciting discoveries often lie at the intersection of multiple fields. We strive to bridge the gap between different scientific areas, encouraging cross-disciplinary collaboration and communication.

Scope:

“Research and Science Today” embraces a wide range of academic disciplines, reflecting the diversity and dynamism of current scientific inquiry. We welcome submissions from fields including, but not limited to:

- *Natural Sciences (Biology, Physics, Chemistry, Earth Science)*
- *Medical and Health Sciences*
- *Engineering and Technology*
- *Social Sciences (Psychology, Sociology, Political Science)*
- *Humanities (History, Linguistics, Literature)*
- *Environmental Studies and Sustainability*
- *Data Science and Artificial Intelligence*
- *Business and Economics*

Physical Education and Sports Sciences.

The journal is particularly interested in interdisciplinary research and studies that address global challenges, offer innovative solutions, or provide new insights into existing knowledge.

Publication Frequency:

The journal publishes two regular issues per year. Additionally, supplementary issues may be released to accommodate special topics, conferences, or emergent research trends.

Submissions:

We invite original research articles, review articles, case studies, and short communications that meet the high academic and ethical standards of the journal. Submissions should be well-grounded in current literature, methodologically sound, and contribute significantly to their respective fields. All submissions undergo a rigorous peer-review process, ensuring the publication of high-quality research.

Audience:

“Research and Science Today” is aimed at academics, researchers, practitioners, and students across all scientific disciplines. Our readers value the journal’s commitment to

multidisciplinary perspectives and its role in disseminating pioneering research and innovative ideas.

Abstracting and indexing: SSRN, EBSCO, ProQuest, IndexCopernicus, Scipio, Genamics, Ulrich`s Periodicals Directory, DOAJ, MPRA (Ideas, EconPapers, Socionet), HeinOnline, Erich Plus etc.
